

Revisions and integrations to the regulations as regards to the one published on Radio Rivista Magazine June 1994

The "Diploma JN63" is issued by Macerata A.R.I. Section to OM and SWL who can show to have connected/heard and confirmed by QSL cards a certain number of Sub-squares of the Square JN63.

The different types of this award are the following:

- 1) HF, (1,8 ÷ 28 Mhz) in the ways: Mixed, Ssb, Cw, Digital.
- 2) 50 Mhz, in the ways: Mixed, Ssb, Cw, Digital.
- 3) VHF, in the ways: Mixed, Ssb, Cw, Digital.
- 4) UHF, in the ways: Mixed, Ssb, Cw, Digital.
- 5) SHF, and over in the ways: Mixed, Ssb, Cw, Digital.
- 6) SATELLITE, in the ways: Mixed, Ssb, Cw, Digital.

Note: As "digital" we mean every emission in RTTY, BAUDOT, AMTOR, PACTOR, PSK.

For all the types, the QSO made through repeaters, transponder, link are not valid.

In order to obtain the base award, the applicant should have confirmed the following QSOs:

- 1) HF, 50 QSOs from as many different Sub-squares.
- 2) 50 MHz, 15 QSOs from as many different Sub-squares.
- 3) VHF, 15 QSOs from as many different Sub-squares.
- 4) UHF, 10 QSOs from as many different Sub-squares.
- 5) SHF, and over 5 QSOs from as many different Sub-squares.
- 6) SATELLITE, 5 QSOs from as many different Sub-squares.

Forwarding stickers are foreseen in multiple from 15 QSOs in HF, 10 QSOs in 50 MHz and VHF 5 QSOs in UHF, SHF, Satellite

If the applicant has made the QSO himself from a WWLocator during D.C.I., I.I.A., I.L.I.A. activations or during any other valid situation so recognized by the administrators of this award he has the right to assure the QSO himself, i.e. any activation made by him is valid for the purpose of his application.

As "activation self-certificate" we mean that one should send some pictures by e-mail to ik6cgo@tin.it, clearly showing the real operativeness in that place corresponding to a sub square of the WWLocator JN63.

Activations in WWLocator are welcome where there is no radio ham activity.

To obtain the award it's not necessary to send the owned qsl (which can be eventually asked for later, for a check) to the manager, it'll be enough to send a recap log signed by two OM.

In order to let the two OM check, it's compulsory that in the qsl owned the QTH or the WWLocator or the reference of another award are clearly indicated.

The log abstract of the first application must be sent to the award manager:

Award Manager JN63 c/o
A.R.I. Sezione di Macerata
P.O. Box 66
I 62100 MACERATA MC

Encl.: 5,00 Euro or 7.00 \$ or I.R.C. 7 as a partial fee reimbursement.

In the next advance steps it will be enough to send log abstract, always countersigned by two OM, by stamped envelope.

The program to manage the award is available complete of: towns database, DCI references, I.I.A. references and relative Wwlocator. The database has been edited by hand and for this
